Winter semester totals 75 days of classes, corresponding to 15 weeks of classes, and 8 exam days.

In case of a winter storm, classes will be held via distance learning and won't be resumed at the end of the semester.

Contact weeks correspond to weeks where students are physically attending class at the college. These weeks are **mandatory** and particularly **essential** to maintaining the link between students and teachers. For the other weeks, physical attendance is limited to lab periods, unless stipulated otherwise, such as in week 6 and 10. Keep in mind that a complete return to distance-learning classes is possible depending on the evolution of the pandemic.
